

1. Organic manure

Sample picture of our processed organic manure with 20 kg packaging

sl	Parameter	Value
1	Nitrogen	1.4 %
2	Phosphorous	0.55-0.41%
3	Potassium	0.79-0.55%
4	Moisture	15-25%
5	Particle Size	90% of the particles will pass through 4mm size sieve
6	Packaging Size	25kg, 40 kg, 50 kg HDPE or Raffia Bags
7	Price	Rs 5,000/- per tonne FOR
8	Minimum Order Size	10 tonne

2. Biomass Briquettes

Description	Cylindrical Solid Biomass Briquette
Geometry	Cylindrical
Weight	200 gm
Height	10 cm
Diameter	8 cm
Gross Calorific Value	4500 Kcal/Kg
Ash Content	1.5%
Price	Rs 6000/tonne FOR

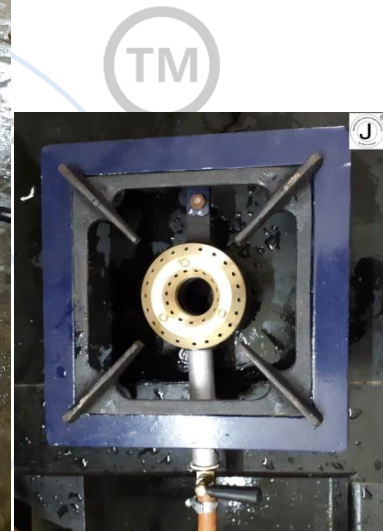

Description	Cuboidal Solid Biomass Briquette
Geometry	Cuboidal
Weight	100 gm
Height	5.0 cm
Length	7.5 cm
Breadth	7.5 cm
Gross Calorific Value	4100 Kcal/Kg
Ash Content	5%
Price	Rs 6000/tonne FOR

3. Biogas Plant :

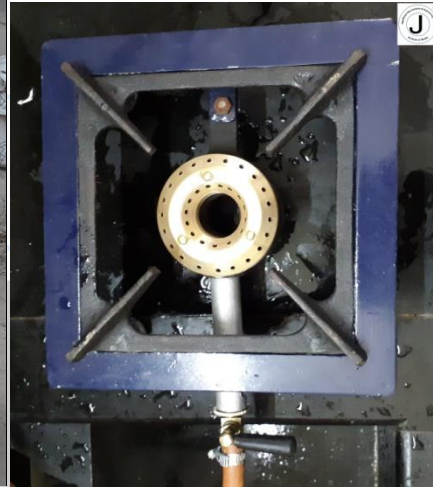

Description	Industrial Anaerobic Digester with single burner stove
Geometry	Cylindrical
Fermenter Capacity	1000 lit
Gas Holder Capacity	750 lit
Price	Rs 40,000 per piece with installation

Bio Waste to Wealth

Description	Household Anaerobic Digester with single burner stove
Geometry	Cylindrical
Fermenter Capacity	600 lit
Gas Holder Capacity	200 lit
Price	Rs 30,000 per piece with installation

Description	Household Anaerobic Digester with single burner stove
Geometry	Cylindrical
Fermenter Capacity	200 lit
Gas Holder Capacity	120 lit
Price	Rs 10,000 per piece with installation
